

2. All applications for leave of absence must be for a specified time.

3. A student absent with leave, who cannot return at the expiration of his leave, must notify the President of the reason and ask for an extension; otherwise his name may be dropped from the roll.

4. A student who has been absent four consecutive weeks cannot resume his place in his class without permission from the Faculty.

Parents and guardians are earnestly requested not to permit their sons and wards to be absent more than is absolutely necessary, as it is very detrimental to the student himself and very discouraging to the instructor.

*Transferred to the Commercial Department during the Spring Term.

†Pursued some study or studies in the Commercial Department during the Spring Term, in addition to their College studies.

DEGREES CONFERRED AT COMMENCEMENT, JUNE 12, 1889.

William H. Mincey.....	B. A.
William H. Shelton.....	B. A.
Thomas M. Stribling, 1st Honor.....	B. A.

MEDALS, ETC., AWARDED AT JUNE COMMENCEMENT, JUNE 12, 1889.

To Elias B. Vickery—The Rice Medal for the best record in Latin during the year, with an average of not less than 75 in other studies.

To Elias B. Vickery—The Clark Mathematics medal for the best record in mathematics during the year, with average of not less than 80 in other studies.

Thos. H. Gilbert was adjudged best in declamation in Sophomore Class.

William S. Huff was adjudged best in declamation in Freshman Class.

To Wm. P. Price, jr., a medal presented by Lieut. Hodgson for the soldier best drilled in the manual of arms.

The Rafferty medal for the best drilled Company was awarded to Company B.; also the position of Color Company in the battalion line.

ADMISSION.

Candidates for admission into the Institution must see the President and make application within *twenty-four hours* after they arrive, or they may be denied the privilege of entering.

The applicant must be prepared to furnish testimonials of good moral character, and if he has been a member of an incorporated institution of learning, he must produce a certificate of honorable withdrawal. He must pass an examination in each department, which examination will determine which class he is to enter, and whether he can enter at all.

He must promise in writing that he will faithfully abide by the rules and regulations of the College, a copy of which will be furnished him, and that whenever he is called upon by a member of the Faculty with questions concerning his deportment, he will answer truthfully to the best of his ability; that he will be honest with himself and the teachers at all recitations and examinations, and that he will not enter into any combination whatsoever against fellow-students or any of the workings of the Institution, and that he will deport himself in a gentlemanly manner at all times.

No tuition is exacted. An admission fee of five dollars on entering and at the beginning of each term thereafter is required of every one. This is for the purpose of forming a library fund and defraying incidental expenses of scientific department.

CURRICULUM.

SUB-FRESHMAN B. CLASS.

Geography; English Grammar; Orthography &c; Penmanship; Grammar School Arithmetic.

SUB-FRESHMAN A. CLASS.

Physical Geography; Practical Arithmetic; English Grammar; Elocution; Physiology; Latin Grammar and Reader.

FRESHMAN CLASS.

SCIENCE—Gage's Physics.

MATHEMATICS—Algebra to Quadratics; Plane Geometry.

ENGLISH—Word Analysis; Grammatical Analysis; Elocution; United States History.

LATIN—Grammar continued; Cæsar, Ovid.

GREEK—Grammar and Reader.

SOPHOMORE CLASS.

SCIENCE—Chemistry; Agriculture.

MATHEMATICS—Algebra continued; Solid Geometry; Plane and Spherical Trigonometry; Chain and Compass Surveying and Leveling.

ENGLISH—Rhetoric; Composition; Declamation; English History.

LATIN—Virgil; Livy; Exercises.

GREEK—Æabasis; Exercises.

JUNIOR CLASS.

SCIENCE—Mechanics and Physics. (Kimball's Olmstead.)

MATHEMATICS—Higher Algebra; Analytical Geometry; Surveying with the transit, etc.

ENGLISH—Logic; Mental Philosophy (Intellect); Universal History; English Literature; Composition, etc.

LATIN—Horace; Cicero; Composition.

GREEK—Herodotus; Homer; Composition, etc.

SENIOR CLASS.

SCIENCE—Zoölogy; Botany; Mineralogy; Geology.

MATHEMATICS—Calculus: Descriptive Geometry; Astronomy.

ENGLISH—Mental Philosophy (Sensibilities and Will); Political Economy; Moral Science; English Literature; Elements of Criticism; Composition, etc.

LATIN—Tacitus; Jūvenal; Composition, etc.

GREEK—Æschylus; Composition, etc.

N. B.—When there is an instructor in French connected with the College, a student may, with the consent of parent or guardian, substitute that language for Greek in his course. At present Lieutenant Hodgson, commandant of cadets, gives instruction in French. The course begins with the Sophomore year.

The course in Latin and Greek is to be changed and perfected as soon as Professor Legaré, who has only recently been elected, enters upon his duties.

With like consent of parent or guardian, a student may pursue an irregular or incomplete course of study, provided he have not less than three recitations daily, and with one of the regular classes. There can be no special recitations held for such irregular students. And the election once made cannot be departed from without special permission from the Faculty. Such irregularity cannot, however, extend to military duty. As will be hereafter seen, that is obligatory on all. But such students will not receive degrees or diplomas: only certificates of proficiency in such courses as they may have completed.

FEMALE DEPARTMENT.

Young ladies may pursue any of the studies included in the preceding curriculum for male students, and under the direction of the same professors. Rooms in the College are set apart for the exclusive use of young ladies attending the College, upon which no intrusion is allowed; and while at the College, and not attending recitations, they remain in those rooms in the presence and under the direction of Miss Mary E. Smith, principal in Female Department and instructress in English.

MILITARY DEPARTMENT.

This department is under the immediate direction of an officer of the U. S. Army, detailed for the purpose for three years. This officer is at present Lieut. F. G. Hodgson, 6th U. S. Cavalry. The students are organized into a battalion of as many companies as their numbers will permit, commanded by the officer in charge. The subordinate officers are students appointed by the President on the recommendation of the commandant.

Instruction in this department is both theoretical and practical—the former by means of the study of the tactics used in the U. S. Army; the latter by means of actual drills, both as artillery and infantry, and other exercises. For the latter purpose, one hour each day in the week, except Saturday and Sunday, from 4 to 5 p. m., is allowed. Instruction is also given in various other branches of the military art.

The College is furnished by the U. S. Government with two 3-inch rifled field pieces, with caissons, and 150 breech-loading rifles of the latest army pattern, with corresponding accoutrements. A supply of ammunition is also furnished, sufficient to afford ample opportunity for

practice in both artillery and infantry, and for target practice with small arms.

Military duty is obligatory on all male students over fifteen years of age and not laboring under physical disability. In the latter case the fact must be certified by a physician in good standing in a form prescribed. But every student is liable to such military studies and modified military duty as he may be found capable of.

Uniforms *must* be worn at all drills and other military exercises. On other occasions they may be dispensed with or not, at the option of the student. The uniform consists of a gray coat, pants and helmet, of a pattern prescribed by the Faculty, with white belts. The entire cost need not exceed \$20. And arrangements are made by which the uniforms can be procured promptly at minimum prices.

Every student subject to military duty must equip himself within thirty days from entering College.

CADET OFFICERS, 1888-9.

STAFF.

Wm. H. MINCEY, 1st Lieut. and Adj't.

BUSINESS DEPARTMENT.

This department was organized during the year as an annex to the College, and went into operation at the beginning of the Spring term, under the charge of Professor Cornelius N. Hamilton, who gives instruction in book-keeping, stenography, penmanship and type-writing. All students in the preparatory department are *required* to take lessons in penmanship through the entire year; but this involves no addition to their expenses.

Students in other classes may take lessons from Prof. Hamilton in any of the branches of this department, on payment of the following rates:

For ten weeks' instruction in book-keeping, etc.,	
one hour per day	\$5 00
The same, two hours per day	7 50
For ten weeks' instruction in penmanship, one hour	
per day	5 00
For four weeks' instruction in same, one hour per	
day	2 50

For ten weeks' instruction in stenography, including type-writing	15 00
For four weeks' instruction in type-writing.....	5 00

Students in this department exclusively, and pursuing no other studies in the College, will pay the following rates, viz.:

For ten weeks' instruction in book-keeping, commercial arithmetic, etc.....	\$15 00
For ten weeks' instruction in penmanship.....	15 00
For four weeks' instruction in same.....	7 50
For ten weeks' instruction in ornamental penmanship.....	15 00
For ten weeks' instruction in stenography, including type-writing.....	15 00
For four weeks' instruction in same, one hour per day.....	5 00

This business department is open all the year, and students who confine themselves to this course may commence at any time, even though the College proper be in vacation, and, upon completing their course, will receive proper certificates, etc., if found proficient. And all students of this class, who attend while the College is in session, are, during that time, subject to all rules prescribed for the government of the regular students so far as the Faculty consider them applicable, and are subject, generally, to the jurisdiction of the Faculty; but military exercise is not required of them.

Reference to the roll of students will show how many and which have pursued studies in this department, either exclusively or in connection with other studies. The following received diplomas at commencement, June 12, 1889, viz.:

GEORGE G. BYERS,
ORVILLE H. HALL,
JOHN E. NORTON.

TEACHERS' LICENSES.

By an Act of the General Assembly of Georgia, approved February 23, 1877, the Faculty are authorized to grant certificates or licenses to students intending to teach. These licenses are graded, in conformity with the provisions of section 1261 of the Code of 1882, and enable the recipients to be employed as teachers in the primary common schools of the State without examination by or license from any board of education or county school commissioner. They are issued usually at commencement, and only upon *special* examinations held to test the qualifications of the applicants.

STUDENTS WHO RECEIVED TEACHERS' LICENSES.

COMMENCEMENT, JUNE 12, 1889.

1. Edward H. Almond.....	Conyers, Georgia.
2. Joshua S. Chambers.....	Banks County, Georgia.
3. William R. Chamblee.....	Dahlonega, Georgia.

31. Miss Amanda Cain.....	Lumpkin County, Georgia.
32. Miss Clara A. Moore.....	Dahlonega, Georgia.

GENERAL INFORMATION.

ORIGIN AND PURPOSES OF THE COLLEGE.

This College owes its origin to the Act of Congress of July 2, 1862, entitled "An Act donating public lands to "the several States and Territories which may provide "colleges for the benefit of agriculture and the mechanic "arts." The Act contemplates the "endowment, support, "and maintenance of at least one college, where the lead- "ing object shall be, without excluding other scientific "and classical studies, and including military tactics, to "teach such branches of learning as are related to agri- "culture and the mechanic arts in such manner as the "legislatures of the States may respectively prescribe, in "order to promote the liberal and practical education of "the industrial classes."

By Act of March 10, 1866, the General Assembly of Georgia accepted the donation "upon the terms and conditions prescribed" in the Act of Congress. The fund having been received, the interest of it was placed under the control of the Trustees of the University for the purposes of the Act. The North Georgia Agricultural College, having been incorporated in 1871, received from the United States government, in pursuance of an Act of Congress passed in that year, a donation of the building at Dahlonega, theretofore known as the United States Branch Mint, with ten acres of land connected therewith. A contract was then made with the Trustees of the University by which the North Georgia Agricultural College became a branch and part of the University—the title to the above property being conveyed to the Trustees of the University on the conditions specified in the donation, and the Trustees of the University appointing the President of the College, making a certain allowance for its support, and exercising over it a general supervision.

It will thus be apparent that the office of the College is to effect the purposes expressed in the Act of Congress of 1862, and the State's acceptance of that Act, in conformity with the system of the University itself. And the courses of study and exercises are arranged with that view.

LOCATION.

The College is located at Dahlonega, the county site of Lumpkin county, Georgia, a town of 700 or 800 inhabitants, beautifully situated among lofty hills in the immediate vicinity of the Blue Ridge, and 2,240 feet above the level of the sea. The fine climate and water of this region have long been celebrated. There are two churches in the town, Methodist and Baptist, in which services are regularly held. Students are required to attend one or the other at least once every Sunday, unless excused. The sale of spirituous liquors is forbidden by law in or within three miles of the town, and no student can go beyond that limit without express permission. The nearest railroad point is Gainesville, on the Air-Line Railroad, twenty-five miles distant, with which place there is a daily communication by means of the mail-hacks. Fare from \$1.00 to \$2.00.

BUILDING AND GROUNDS.

The College stands on the summit of an eminence overlooking the town and commanding an exceedingly beautiful view of the mountains, which seem to sweep round it, as a center, in a great semi-circle, at a distance of from ten to fifteen miles.

It will be remembered that the General Assembly of the State, by Act approved October 13th, 1887, appro-

priated \$5,000 for completing and furnishing the building and inclosing so much of the grounds as might be deemed necessary. The money has been faithfully applied as intended by the Act; and the commodiousness and comfort of the building have been greatly increased, and it and the grounds present a much more attractive appearance.

Besides the ten acres granted by the United States Government, there is much more land held by the Institution, affording ample space for all military exercises.

APPOINTMENTS.

Each Senator and Representative is authorized to send and appoint one pupil to this Institution, who shall be received without the payment of entrance fee.

THE LIBRARY.

When the original college building was destroyed by fire a few years ago, the entire library of the Institution was lost in the conflagration. Another is being gradually accumulated; but it will be a work of some time to replace it fully. Meanwhile the two literary societies have quite respectable libraries of their own, which, in some measure, supply the deficiency.

THE SOCIETIES.

The two literary societies are the Phi Mu and the De-cora Palaestra. The young ladies also have a literary society among themselves, called the Corona Hederae. There are also chapters of three Greek Letter Fraternities, viz., the Sigma Mu, Kappa Sigma, and Sigma Alpha Epsilon.

MEDALS.

1. *The F. P. Rice Latin Medal.*—This is a large and beautiful gold medal, given to the College by the Hon. F. P. Rice, of Atlanta, to be awarded at each annual Commencement to the student making the best record in Latin, with an average of not less than 75 in at least two other studies during the year.

2. *The Clark Mathematics Medal.*—This is an equally beautiful gold medal, given to the College by Harlow Clark, Esq., of Dodge county, Georgia, to be awarded annually, at Commencement, to the student making the best record in mathematics, with an average of not less than 80 in other studies during the year.

3. *The Company Drill Medal.*—This is a handsome gold medal, given by Lieutenant W. C. Rafferty, First United States Artillery, lately detailed at the College, to be awarded at each Commencement to the best drilled company in the battalion of cadets, to be worn by the First Sergeant during the year.

MONTHLY REPORTS.

At the end of every month reports are issued of the progress and standing of the students. In these reports 100 represents the maximum of excellence in study.

A demerit account is also kept, the condition of which appears in these reports. These demerits are imposed for unexcused violations of rules of order. If a student receives 100 demerits during a term, he may be suspended or dismissed. But every one is entitled to ten credits for each month of that term passed without a demerit.

THE COLLEGIATE YEAR.

The collegiate year comprises two terms, the first commencing on the first Monday in September and continuing until the first Monday in February, when the second commences, which continues until Commencement. There is no interruption of either term, except for an intermission of a week or ten days at Christmas.

On the fourth Sunday in June the Commencement sermon is preached, and the next three days are devoted to the usual Commencement exercises, closing on Wednesday, which is the end of the collegiate year.

DEGREES.

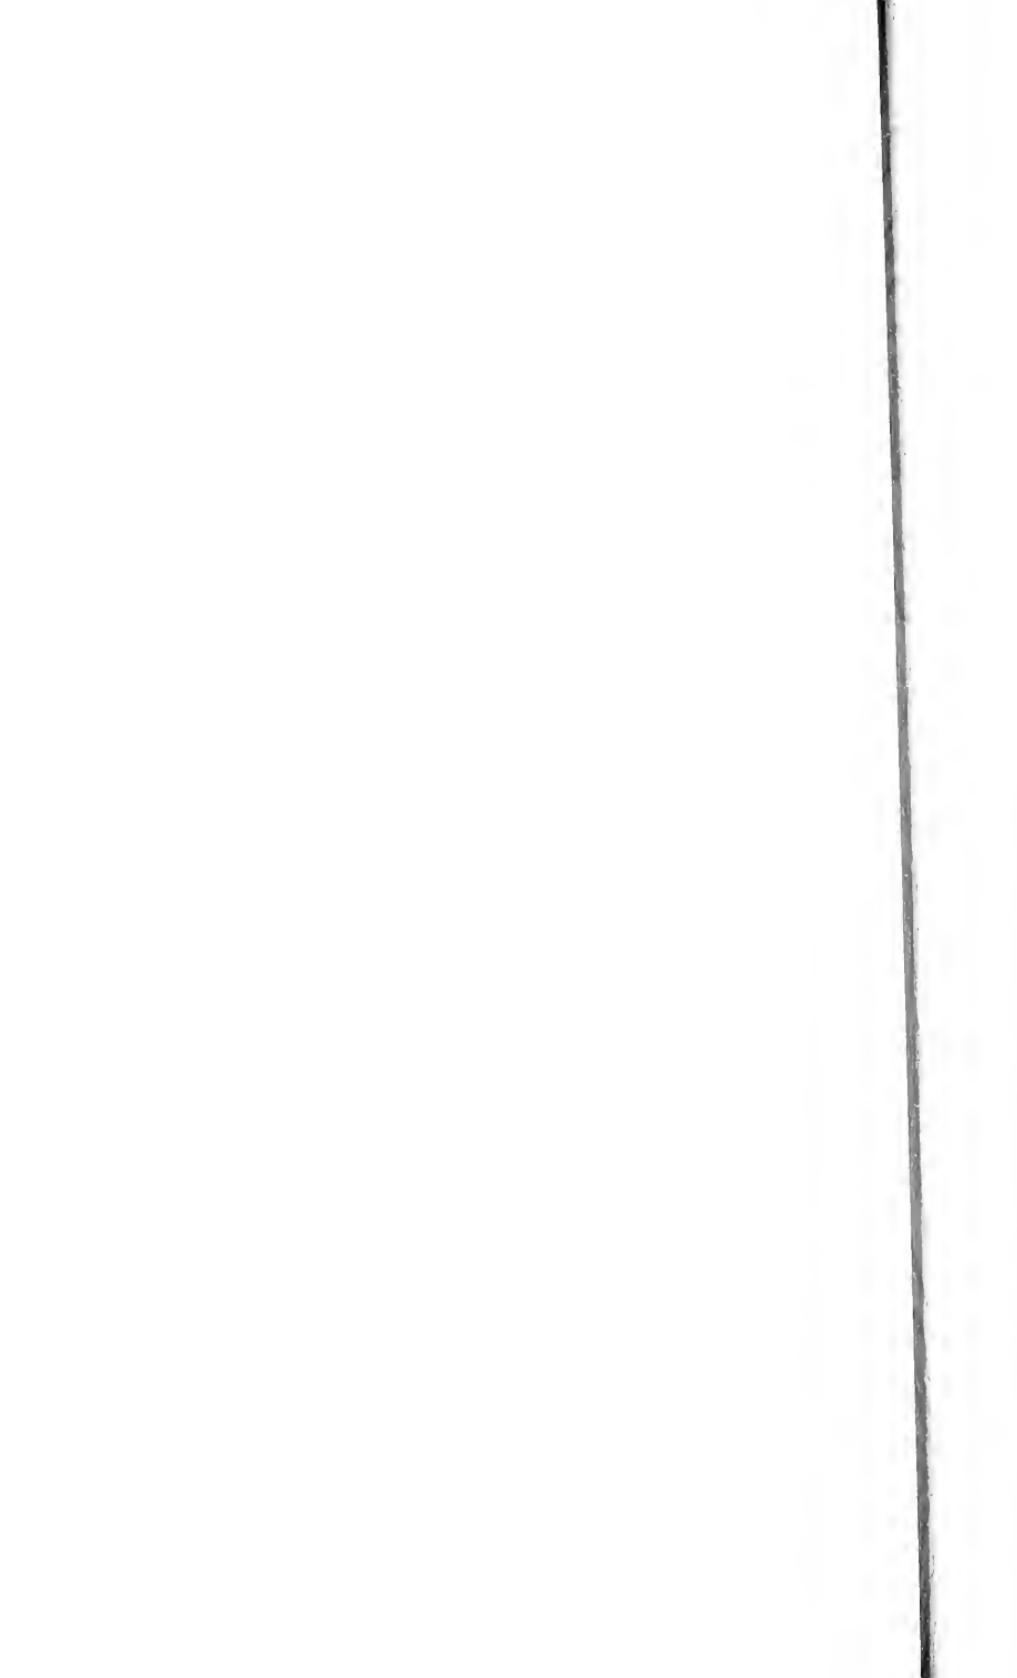

The College is authorized by its charter to confer degrees upon its graduates. The degree usually conferred is that of B. A. This degree is conferred, and the corresponding diploma given only, to students who complete the entire course prescribed, and make an average record of not less than 75 throughout the Junior and Senior years.

Those who pursue partial courses of study receive, but upon a like average only, certificates of proficiency in the courses pursued.

Appropriate degrees, honors and diplomas are also provided for young ladies who graduate.

EXPENSES.

Board, including fuel, lights, etc., can be had in good families at \$10, \$12 and \$15. Many of the very best young men buy provisions and rent rooms, where they hire their cooking done, and in this way do very well at
